Calling all Mighty Schools!

A Mighty School is healthy, active, mindful.

It's about a certain attitude towards life. Empowered and engaged, positive and alive. Not taking things for granted. Seeking information and making decisions that are positive for self, family, community and planet.

We can help bring out more **Mighty in your School**

1 Raise money for important programs

2 Build an engaged community around healthy living

3 Raise healthy, active, mindful kids

Need More Info or Ready to Sign Up
for the Mighty Schools Program?

mightynest.com/fundraiser

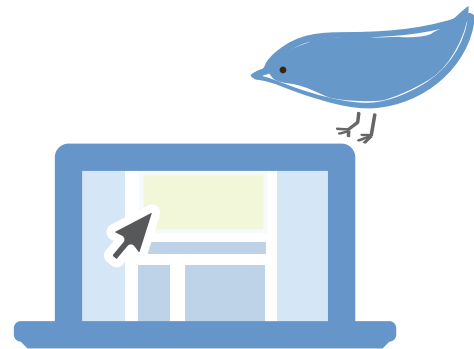

How does the Fundraising work?

For only 2-4 hours of work spread across the school year, you can easily raise \$1000 or more for your school

- 1** Parents & friends shop a wide variety of healthy toxin-free products at mightynest.com and 15% of orders year-round go back to your school.
- 2** Every time someone from your school signs up to receive the Healthy Living Newsletter, the school earns \$2
- 3** Several times a year your school will be given the (optional) opportunity to invite family & friends to participate in non-purchase activities that raise money, such as completing surveys about healthy living and donating clothes and electronics.

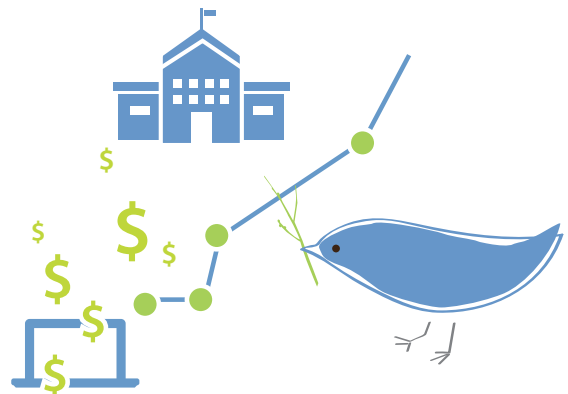

I'm in! What do I do next?
